WINE BAR MEETS TAPAS!

Every month, our Hotel Sommelier takes you on a "Grand Tour" of France's most iconic wine regions.

It is a unique opportunity to discover the craftsmanship and dedication of passionate winemakers and gives you a chance to enjoy traditional and innovative wines while indulging in creative, mouth-watering tapas, freshly prepared from our Square One kitchen.

We are excited to introduce the Rhône Valley in October. It has been a hub of wine culture since ancient times and is just as popular today. In fact, a bottle of Rhône wine is enjoyed somewhere in the world every 13 seconds, and approximately 400 million bottles are sold every year.

Rhône Valley is also believed to be the birthplace of Syrah, and many wine lovers find it reaches its best expression here, full-bodied, savoury and elegant.

As the Rhône River progresses southward, the valley widens and the climate changes. The region is distinctly more 'Provençal' with a Mediterranean influence in culture and climate.
